OBJECTIVE

Seeking a challenging position in the field of software so as to utilize my skills and knowledge for the organization and individual growth.

EDUCATION

Course	Institution	University/Board Year of Passing	CGPA
B.Tech(IT)	Sir C.R.Reddy College Of Engineering, Eluru	JNTUK 2019-2023	7.32
Intermediate (M.P.C)	Sri Gayatri Junior College, Vijayawada	Board of Intermediate education, Andhra Pradesh 2017-2019	9.5
SSC	Nalanda English Medium High School, kavali	Board of secondary education, Andhra Pradesh 2016-2017	8.7

SKILLS

- Programming languages:Java
- Front End Development:HTML,CSS,JavaScript(basics)
- Data base Technologies: MySQL

CERTIFICATIONS

- Career Edge – Knockdown the Lockdown, TCS ion
- Accenture Developer Virtual Experience Program on Forage – February, 2023
- Introduction to Object-Oriented Programming with Java-Coursera

Extracurricular Activities

- Power point presentation on Smart Village conducted in our college
- Participated in Workshop conducted at our college

Projects:

Project Title: Hostel Management System

Project Description: Developed a web-based Hostel Management System that automates and streamlines the processes involved in managing a hostel or similar accommodation facility. The system enables hostel administrators to manage room allocations, billing and payment processing and other related functions.

Key Achievements:

- Successfully developed and implemented the Hostel Management System, reducing the workload of the hostel staff and improving the overall efficiency of the system.
- Designed a user-friendly interface that allowed the hostel staff to manage hostel activities with ease, reducing errors and improving accuracy.
- Created a dashboard that provides hostel administrators with real-time data on room occupancy, revenue, and other key metrics.
- Implemented a secure login system that ensures that only authorized personnel can access the system, ensuring the safety and privacy of the data.
